

A sacred place to be, and to become people of hope, compassion, justice, and service.

NEW! A Pilgrimage to the Isle of Iona, Scotland: Awakening the Spirit on Iona!

Denise Crawn and Nick Prance

May 10, 2019 to May 18, 2019

This 9 day/8 night pilgrimage will include one night in Oban and 7 nights on Iona. Our week together on Iona will offer a balance of structured group gatherings, opportunity to participate in guided walks to many of the island's sacred sites, an informative tour of the Iona Abbey, Nunnery and Oran Chapel, a boat trip to the majestic Isle of Staffa featuring Fingal's Cave (and puffins!), and individual time to 'just be'.

Group sessions will include information and discussions on Celtic Spirituality (then and today), our connection to Nature, the Iona Community and the everyday community of Iona, as well as historical and mystical tales of the Isle. Also included on this journey will be a session weaving together the connections between Iona, Scotland and Kirkridge Retreat Center and Columcille Megalith Park, PA, USA.

As in all Walking Awake events, this pilgrimage will include a mix of traditions old and new; story, song, poetry, ceremonies, and "Walking Awake" in Nature blended beautifully into our group sessions and with the history and mysteries of Iona.
